

Physical Science and Engineering Emphasis Application

Requirements

Four Years of Lab Based Science (At least two physical science or engineering class.)

Recommended courses are Chemistry, Physics, Astronomy, Geology, or Engineering

_____ (Class) _____ (Year)

_____ (Class) _____ (Year)

_____ (Class) _____ (Year)

_____ (Class) _____ (Year)

One Year College Level Math (Pre-Calc, Math 1010/1050/1060, AP Stats, AP Calculus where AP calculus is recommended since it is a requirement for college programs.)

_____ (Class) _____ (Year)

One Applicable CTE Course (Engineering, Tech Lab, Robotics, Drafting, Graphics, Auto, etc...)

_____ (Class) _____ (Year)

One Science or Engineering project, Science Olympiad, Internship, or Other Science Competition Each Year for a total of Three (Must Meet Advisor Approval)

_____ (Project) _____ (Advisor Approval)

_____ (Project) _____ (Advisor Approval)

_____ (Project) _____ (Advisor Approval)

*All students are recommended to take Professional and Technical Writing for their 12th Grade English Course if it is offered.

*All students are recommended to attend science day, engineering day, IJSHS, summer engineering camps, CHHS summer science courses, internships, etc... while in high school. Please list all attended camps and workshops, for more information, see Ms. Meyer.

You must attach a copy of your highlighted transcripts with the above classes highlighted and a copy of the three projects.

_____ (Applicant Signature) _____ (Date)

_____ (Advisor Signature) _____ (Date)

*Letter of intent due to Ms. Meyer in room 1810 in early November each year.
Final application and transcripts due to Ms. Meyer in room 1810 the middle of March each year.
